

# a.c.transcom

Scientific and Technical  
Translation and Communication

*Open up to the world with a scientific expert!*

## Translation - Review

**a.c.transcom** translates and reviews a broad range of scientific or technical documents, from **English into French**: user manuals, articles, reviews, patents, books, slideshows, brochures, websites... in specialised subjects such as:

**mechanical engineering, industry, acoustics, signal processing**

## Technical Writing

**a.c.transcom** writes your **technical documents**: manuals, reports, data sheets, specifications, and designs your **oral presentations**: slideshows, posters... in any document format: Office, PDF, OpenOffice, LaTeX, html,...

**in French and English**

## Experience

With a **Master's Degree in Mechanical Engineering** and a **Ph.D in Acoustics**, Aurélie Cusset-Boudier, founder of **a.c.transcom**, guarantees an excellent grasp of the text and outstanding technical writing skills.
